FALLEN MAPLE LEAF by Laura Keber

Message from the Chairman

I am pleased to accept the Chair for 2011-2012. As Returning Chair (2007-2009) I know that the Hub Camera Club Board and Members are very active in the club and everyone participates to keep the club moving forward. Photography continues to change and HCC is a great place to learn about new technology. Our first Assigned Subject "Artistic Use of Filters" is an example. The club continues to help us learn to be better photographers.

I'd like to recognize Herschel for the great job he did as Chair 2009-11. I always look forward to going to meetings because we have great workshops lined up by Ed or amazing photos submitted by members for review. Also, it's a nice place to see old friends, meet new people and make new friends interested in photography.

-Joann
